Premier String Quartet

Our Ensemble has a wide repertoire including Baroque, Classical, Romantic, Broadway, Pop, and other music categories.

Ensemble Options

*String Quartet: Two violins, viola, and cello perform in a wide variety of musical styles. This group is the most effective and versatile, with an extensive repertoire, and full vibrant sound.

*String Quintet: adding a double bass to the quartet increases the volume by deepening the base and gives the feeling of a small orchestra-excellent for the largest parties.

*String Trio: Two violins and cello or violin, viola and cello. This group is very popular, especially for smaller weddings. Not quite as loud as the quartet, but has an extensive repertoire and is better suited for a modest budget and limited space.

*String Duo: Two violins or violin and cello. This is very intimate ensemble, which can create a beautiful atmosphere, but has a limited volume. Excellent for smaller events and spaces.

Premier String Quartet Also Performs Customized Repertoire and Arrangements

Speak with our music coordinator so that we can accommodate your special music requests. If the music is not in our library but is available for string instruments, we can obtain the music and prepare it for your event. Occasionally, we have also transcribed popular music for our ensemble upon request.

Key Offerings

From classics to familiar favorites, the right music can make a wedding memorable. And nothing creates a mood like the beautiful sound of a violin. Add another violin, a viola, and the rich bass of a cello, and you have a string quartet.
